

# How to Install the Bison Printing InDesign Preflight Profile

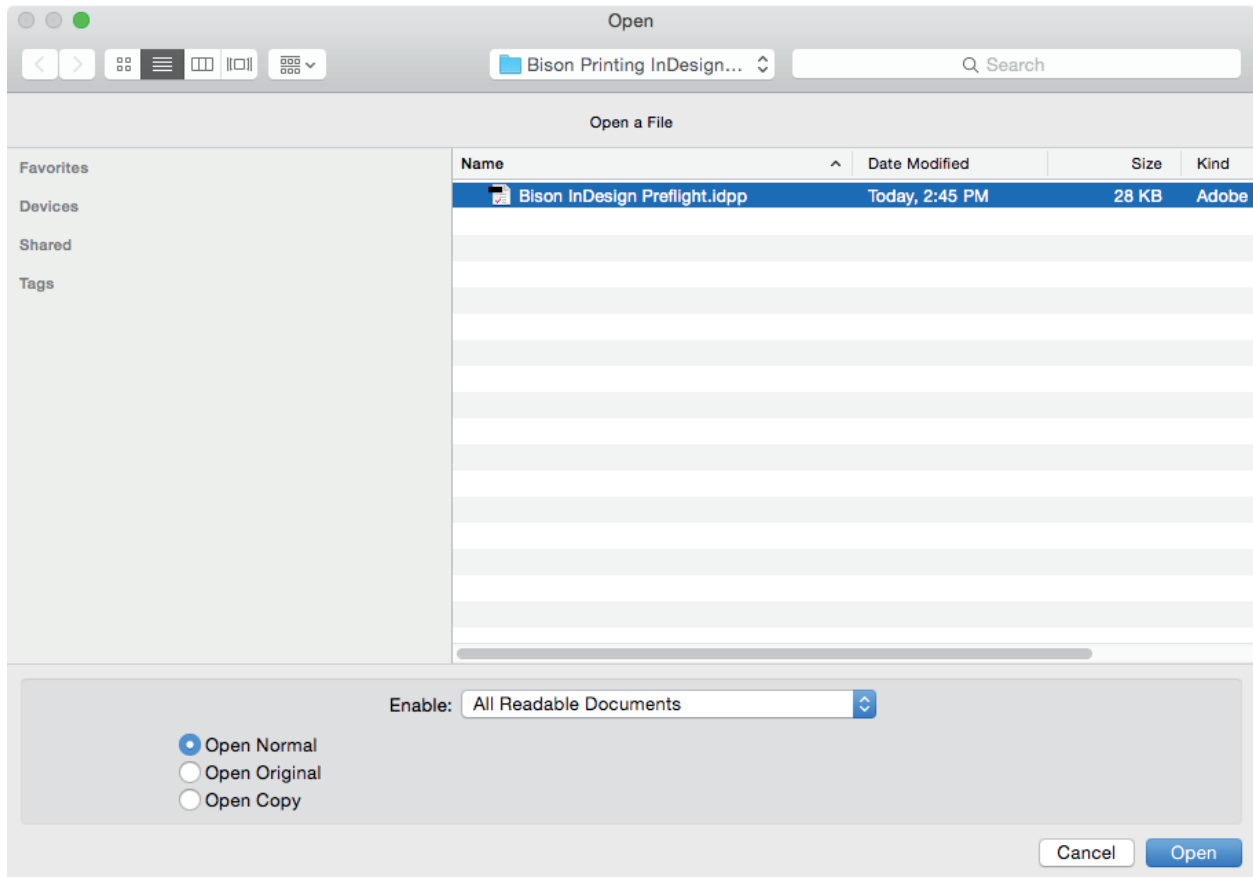

1. Launch InDesign
2. Window: Output: Preflight

3. Click in the upper right of this panel and select “Define Profiles” from the drop down menu to see the following dialog:

4. On the left near the bottom, click on the three small lines to the right of the minus sign. In the drop down select “Load Profile...” to see the following dialog:

5. Navigate to “Bison InDesign Preflight.idpd” and select “Open”, then click “OK”. The profile has been successfully loaded.

6. Open the document you wish to preflight. In the Preflight Panel (from Step 2), select “Bison InDesign Preflight” from the profile drop down menu. Your document will be preflighted and any errors will be listed for review.
